

Welcome from the Director of the Garden Tomb:

It's a pleasure to welcome you to the Garden Tomb.

This is a very special place, staffed entirely by Christian believers. Here Palestinian and Messianic believers can meet together and worship alongside other believers from around the world.

Party leaders from all denominations can conduct worship with their groups in their accustomed style. We welcome over 250,000 visitors each year. Parties should normally be booked in advance as there may be limited space.

On Easter day thousands come to celebrate the Resurrection in this special place. On this day we hold five services in four languages.

It's here, at the Garden Tomb, that one can really begin to visualize the events of that first Easter morning - it all fits so perfectly with the vivid description in the Bible, and in an entirely natural setting.

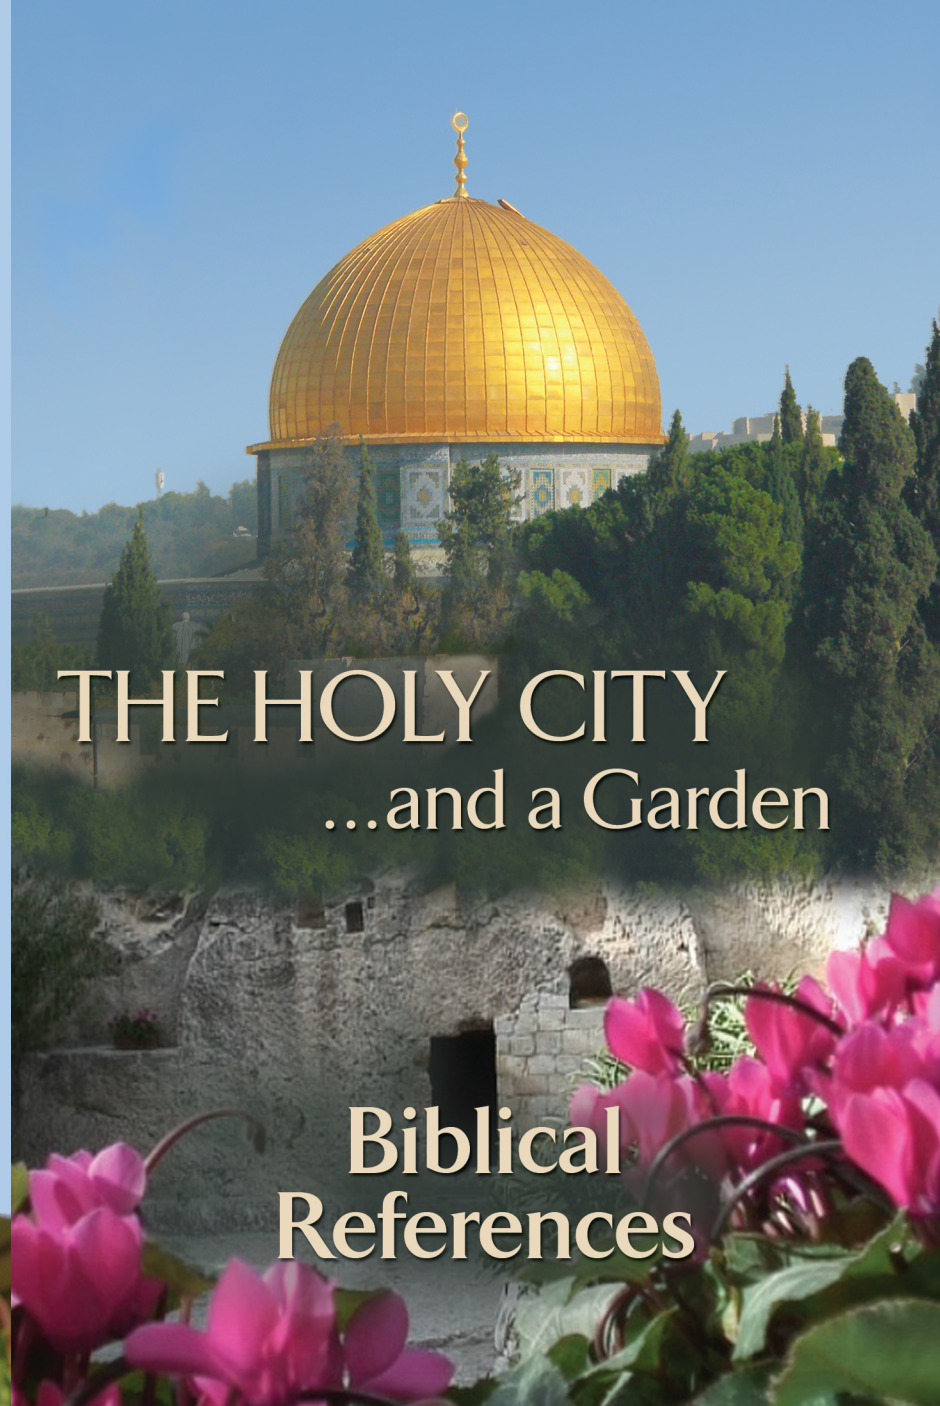

For over 100 years the site has been owned by a British charity (1004062), the Garden Tomb Association. We rely entirely on donor funding to ensure this place is open for all ages, for all time till Jesus returns.

The Garden Tomb welcomes churches and individuals everywhere to become partners in mission. Details at www.gardentomb.org

I look forward to greeting you again!
